INTRODUCTION

Introduction and Purpose

Girls Lead Change (GLC) delivers structured, safe, and empowering mentorship through its B.GILD Mentorship Program. The program supports girls to develop leadership skills, confidence, agency, and positive decision-making.

This handbook defines:

- Mentor roles, responsibilities, and boundaries
- Safeguarding and reporting obligations
- Program standards and accountability requirements

Compliance with this handbook is mandatory. Non-compliance may result in disciplinary action, including removal from the program.

Overview of the B.GILD Mentorship Structure

Overview of the B.GILD Mentorship Program Structure

The GLC Mentorship Program is delivered through structured mentorship clubs established in:

- Day Schools – integrating mentorship into the regular academic environment
- Boarding Schools – providing continuous support within residential learning settings
- Community-Based Settings – reaching girls outside formal school systems through local partner spaces

Each club operates using the Club-in-a-Box Toolkit, which provides standardized guidance, resources, and session frameworks. This ensures consistency in program quality while allowing contextual adaptation to meet local needs. All adaptations must receive prior GLC approval to maintain safeguarding and program integrity.

Program Delivery Cycles

The mentorship program runs in two annual implementation windows:

- Window A:
- Window B:

Each window follows a structured cycle of onboarding, mentorship delivery, monitoring, and reflection. Clubs may align their schedules to school calendars, provided core program requirements are met.
